Sea Food

Of course delicious!

Local Food

For deep Japanese food lovers.

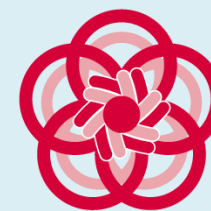

The Origin of Japanese Sake

Clear Sake is born by adding ash, in 1600s at Hyogo
prefecture. 56 % of Sake is made by "Yamadanishiki"
Japanese rice created (1923) and grown in Hyogo.

The Origin of Japan (Awaji Island)

According to old Japanese myth (published in 712,
720), Awaji island is the first god-created island.

Let's discuss the Origin of Friction!

10th ITC Himeji 2027

September 19-24, 2027

The Origin of Japanese Beef (Kobe Beef)

98 % of Japanese beef is Tajima beef cattle (top
quality = Kobe beef), since eating beef in Japan
started in 1860s, when the Kobe port opened.

姫路和牛

The Last Samurai

Hollywood film "the last samurai" was taken here.
